MANAGEMENT (HBA, HBSc)
Department of Management

The Management Major is a 4-year program offered exclusively at U of T Mississauga. The program combines the study of organizations and their management with a second major discipline. It leads to either an Honours BA or an Honours BSc degree, depending on your second discipline. For example, choosing Chemistry and Management could prepare you for work in the chemical industry and English and Management for the publishing industry. Career success upon graduation requires the social skills, professionalism and maturity developed through active participation in the extensive extra-curricular programming activities offered by the Department of Management, and our undergraduate societies. Activities include conferences, competitions, seminars and workshops.
