

UNIVERSITY OF TORONTO MISSISSAUGA

**Department of Chemical and Physical Sciences – Application Form for
CHM485H5: Dissertation Based on Literature Research**

A dissertation will be written based on literature research of a topic of current interest in the field of chemistry. The research will be conducted under the supervision of a chemistry faculty member other than the student's CHM489Y5 or CPS489Y5 supervisor. The research topic must not overlap that of the student's CHM489Y5 or CPS489Y5 project. The goals of this course are to achieve literature research expertise as well as in-depth knowledge of a particular chemistry topic, while perfecting scientific writing and oral presentation skills. Evaluation is based on a final written report describing the aims and results of the research, as well as an oral presentation of the work. The course is normally taken in the student's fourth year, in either the Fall or Winter terms, but may be taken in the Summer term.

Prerequisites: 2.5 CHM/JCP credits at 300 level.

Note: Enrollment in this course requires the submission of an application form to the CPS Undergraduate Assistant and registration on ACORN. **Please visit the CPS website (<http://uoft.me/cpsforms>) for application forms, instructions, and submission deadlines.**
