

FIRST YEAR COURSES TO ENROLL IN BY PROGRAM

Welcome to your first year at U of T Mississauga with the Department of Chemical and Physical Sciences. Choosing your courses is an exciting time; we hope this handout will help you plan your Fall and Winter course schedule. Students are advised to please refer to the [Academic Calendar](#) for most recent updates on Program entry requirements, courses and prerequisites. Please also view the [registration guide](#).

- Important Notes**
1. If a course has a lecture, tutorial, and practical, make sure to enroll in one of each. In applicable first-year courses, ensure you are enrolled in matching PRA & TUT sections (i.e. PRA 0101 and TUT 0101).
 2. If ISP100H5 is required, can be taken in the Fall, Winter, or Summer sessions.
