## LSF

LSF is a non-profit organization created to integrate sustainability learning into Canada's education system. LSF's mission is to promote, through education, the knowledge, skills, values, perspectives, and practices essential to a sustainable future.

Empowering Youth

Reorienting Teaching & Learning

Advancing Education Policy

Fostering Sustainable Communities

what I learned →  
**TASKS TO KEY LEARNINGS**

## MAJOR PROJECTS

- Delivered educational workshops with sustainable development and climate change focus to grades 2 through 10.
- Identified key relationships and created new programming opportunities for LSF including new workshops, engagement opportunities and partnerships.
- Led workshop in *Let's Talk Sustainability Day* workshop at UTM; hands-on event designed to help students understand importance of the UN's SDGs
- Created interactive SDG workshop in collaboration with Lieutenant Governor's office & Aga Khan Museum taught through photography-based approach.
