CLASS 2016

Research Paper Title
Towards the Development of Sustainable Tourism: A Case Study of Chiang Mai
An Effective Management Framework for Triclosan in Canadian Consumer Personal Care Products
The role of community groups in the implementation of sustainable food plans in Calgary and Toronto
The Link Between Competitive Advantage and Corporate Impact Venturing
Developing Pro-environment Behaviour Intervention Best Practices: A Narrative Review
The Use of Environmental Research on Capitol Hill
From Agriculture Waste to Sustainable Biofuel? A Case Study of Punjab, India
Health Costs of Acute Pesticide Exposure to Children Working on the Cocoa Crop in the Ivory Coast
Determination of optimal growing conditions in geodesic greenhouses to increase food production capacity in northern communiteis of the
Factors Influencing Consumer Response Towards Green Marketing in an Age of Skepticism
Leading Sustainable Organizations: The Effects of Sustainability and Authentic Behaviour toward
Electricity Price Volatility Modelling for Risk Reduction in Ontario's Electricity Market
The Potential Advantages and Drawbacks of an on-grid Photovoltaic Solar Power Project in Colombia
First and Second Mover Advantage in Sustainability Management: A Game Theoretical Analysis
A Review of Green Bond Literature
Sustainable Arctic Cruise Tourism Development: Nunavut and the Crystal Serenity
The Tur Cost of Diesel: Improving HRES Planning in Remote Off-Grid Communities
The Sustainability Values: Linking Managerial Values and Corporate Sustainability Performance
Climage Change Adaption Strategies: Fisheries, Food Security, and Communication in the Republic of Fiji
Factors Influencing the Ontario Source Water Protection Plan Implementation: Case Study Halton-Hamilton
and Credit Valley, Toronto Region and Central Lake Ontario Source Protection Regions
Potential Carbon Offsets Supply from Nitrous Oxide Emission Protocol (NERP) Adoption by Corn
An analysis of the relationship between ESG and the financial performance of oil and gas sector firms during
Decentralized energy for tomorrow
Social License to Operate as the Limiting Barrier to Agricultural Growth: Lessons from
Circular Economy-based Offsets in Ontario's Cap and Trade Program
Toronto's TowerWise Retrofit Program: An Assessment of its Success and Scalability
The Developmnet of an Aguaculture Assessment Framework to Improve Food Security in
Sustainability Practices in the Luxury Hospitality Industry: Exploring Effects of Customers' Perspectives on Sustainable Practices of Luxury

CLASS 2017

Research Paper Title

Assessment of niche-innovations in green building sector using Multi-level perspective (MLP) in

The Green Leaders Program

Peel Region's Wast App: The Relationship Between Terms Searched and Waste Contamination in Peel
The Smart City Paradox

Examining the Effectiveness of a LoyaltyOne Foundation to Create Shared Value

Karachi: The impediments of integrating solar energy technologies through residential buildings Neoliveral Toronto and the George Street Revitalization Project Plan Correlation Between Social Sustainability and Perception Within the Apparel Industry Program and Discussion for Evaluating Net Negative Carbon Capture and Sequestration Technologies Circular Economy: Closing the Loop in the Apparel Indutry A Review of Six Emissions Trading Systems in the World and its Implication for the Cap-and-Trade Challenges for sustainable waste disposal in cities of the Global South: A Case Study in Chennai Use of internal carbon price as a planning tool by Canadian companies Searching for common ground in the organic versus GMO debate Intersecting Mobile Money and Savings as and Effective and Scalable Solution for Economic Development and Financial Advancement in Kenya Motivation for pro-environmental action: Can Expectancy Theory explain the motivation behind Purchasing Patterns and Influences for Environmentally Friendly Personal Care Products Greenwashing in the Cosmetic Industry How do Canadian Companies Manage Climate Change Risk? An Empirical Analysis Sustainable Consumption and Indian Youth Population: a qualitative study on buying behaviour of Curbing Emissions from the Meat Sector; an Environmental Meat Tax The Scope and Strategy of Ecolabelling in the Outdoor Apparel Industry ESG Disclosure of Pharmaceutical Companies Listed on the TSX

CLASS 2018

CLASS 2010
Research Paper Title
Analyzing Policy Mechanisms Affecting Renewable Engy Systems in Ontario
Influence & Technology: Leveraging Information & Communication Technology (ICT) to Influence Sustainable
Behavior in Small and Medium
Comparative Analysis of Ecotourism and Sustainable Tourism
The Current State of Sustainability within the Canadian Travel and Tourism Industry
Shifting the Peak: Utilizing a Lighting Nudge to Change Electricity Consumption Behavior
The State of Autonomous and Connected Vehicles in Canada
Low Carbon Energy Development in Thailand – Analysing Implementation Barrier
Waste Management in Multi-Residential Buildings in Toronto: Perspectives from Property Managers
What are the most effective interventions at changing household food waste behaviour and why?
Transforming the 21st Century Classroom into a Sustainable Learning Ground
The relationship between pollution and child mortality: evidence from Mexico City
Exploring the Link Between Board Gender Diversity and Environmental and Social Ratings of Canadian
The Management of Microplastic in the Great Lakes: A Science and Policy Perspective
Coffee organic waste management and alternative applications: A case study of coffee production in
The Influence of Organizational Behaviour in Motivating Corporate Environmental Sustainability
Evaluating destination competitiveness and sustainable tourism for Nunavut and the Canadian Arctic in China
What Are the Current E-waste Recycling Challenges, with Respect to Recycling Electronic Products, Faced by
Producers and Consumers in
Innovative financing mechanisms and models for energy efficiency retrofits in Toronto

Engagement & Commitment with Canadian Aboriginal Communities by Natural Resource Sector

Can the Impacts of Thawing Permafrost on the Alaska Highway Be Mitigated in the Long-Term?

Soil Chemistry changes in relation to varying densisties of vegetationon abandoned agricultural land in the highlands fo Sand Cristobal,

The Influence of Climate Change on the Private Insurance Industry: An Opportunity for Innovation through Strategic Partnership and Big Data

Indoor Radon Gas Exposure: A Comparative Analysis of Radon Control Policy from Health Canada Rebuilding the urban forest in the context of socioeconomic and demographic issues: An analysis of the City of Mississauga's One Million Trees

Sustainability implications of use of Blockchain in Financial Services Industry?

Coffee Processing Wastewater: Impacts and Treatment Methods - Case Study: Hacienda el Cafetal, Procafe S.A, San Cristobal Island, Galapagos

Human Psychology and Climate Change

CLASS 2019

Research Paper Title

An Assessment of the Municipal Materials Management Stream Using the Circularity Index: A Case Study of the City of Mississauga and the City

Analysis of the Design Process and Identification of Characteristics Influencing the Reuse Potential of Buildings

Utilizing Impact Benefit Agreements for Environmental Protection and Well-being Between Industry

Development and Indigenous

Environmental Sustainability in Sports: A Comparative Analysis of Waste Diversion in North American

How Municipalities are Supporting Urban Agriculture Development & Identifying the Challenges Being Faced

A Comparative Analysis of Urban Green Space Planning and Management Across Urban Areas in Ontario

The Current State of Economic Life in the Black Population in Toronto, Ontario

Road Salt in the Credit River Watershed

Social Norms As Nudges To Encourage Commute Mode Shift

How Retail Investors React to Socially Responsible Mutual Funds: An Experimental Approach to

SUSTAIN-ABILITY: How Smart Cities Can Leverage AI for Environmental Sustainability

Making Sustainability the New Norm: An Analysis of Social Practice Theory

Perceived Barriers to Sustainability of Scuba Dive Operators in the Galapagos Islands

The Influence of Nudges in Digital Feedback to Reduce Residential Energy Consumption

Is Mindfulness a Tool to Cultivate Sustainable Behaviour?

Sustainable Diets: Examining Environmental Concerns as a Distinct Motivation for Avoiding Meat

Designing a Low Emission Zone for Toronto's Financial District to Reduce Transportation

Building Healthy, Sustainable Communities: A Scoping Review of Western Diet Impacts on Health

Understanding the Relationship Between Corporate Governance and ESG Performance: A Guide to Sustainable

Incentivizing Innovation in a Circular Economy

A Review of Green Roof Stormwater Management Potential in Urban Areas with City of Toronto

Closing the Transit Gap: Exploring the First and Last Mile Problem in a Growing Suburban Neighborhood

Responsible Pension Management: Navigating Real Asset Investments in a Changing Climate

Venture Capital Valuation of Less Mature Clean Technology Firms - An Overview

Gender and Racial Bias in the Workplace: A Comprehensive Review

Waste(d) Potential: Challenges and Opportunities in Incorporating Organics Waste Diversion in Privately
Managed Urban Multi-Residential

Conceptualizing, Characterizing and Corporatizing Environmental Justice (EJ): Using Online Retailing as a Case Study for EJ Implementation in

Recycling of Textiles from the Apparel Industry, the Feasibility within Canada

Renewable Energy Minigrids as a Tool for Rural Electrification in Developing Countries - Implementation

Designing a Motivation-Oriented Educational Environment for Undergraduate Students

The Art of Deposit Return Systems: An Analysis of Key Economic, Political, and Operational Factors

Barriers to Sustainable Procurement of Food in Toronto Restaurants

Precision Agriculture in Taiwan: Barriers and Strategies for Technology Development and Adoption

Sector specific Global Reporting Initiative (GRI) scoring compared to market capitalization, stock price volatility

and sustainability news in Oil &

CLASS 2020

Research Paper Title

Examining household disposal practices of medications

Deveoping a Climate Change Resilliency Strategy for the Toursim Industry in Dubai Through Policy Analysis

Species at Risk and Sustainability: A Case of the Niagara Region

Understanding the Influence of Flight Shame as a Nudge for the Air Transportation Industry and Consumers Through Media Content Analysis

Materialtiy issues in the launch services sector: In Search of a sector specific sustainability framework Buying into sustainable menstruation: Investigating the impacts of sustainability information campaign on willingness-to-pay for menstual cups

Green Advertising Strategies for Consumer-Packaged Goods: Systematic Review and Case Study

Physical Accessibility and the Built Environment: A Case Study Examining the Relationship Between Building

Design, Era, Purpose, and

Canadian Banks and Sustainable Development

Integration of Refugees that Identify as Queer in Canada

Implications for Being a Parent for People's Attidudes Toward Environmental Issues: Do Parents Care about the Environment More than non-

Enabling a Sharing City for Economic Resiliency, Sustainability and Social Capital: Discourse Analysis of Determining which Employee Engagement Practices are Most Valued Relative to Generational Variability

Factors motivating the legal recognition of nature's rights: The case of River Whanganui in New Zealand and lessons for environmental decision-

Evaluating the State of Environmental Sustainability Disclosure for Canada's largest Alpine Ski Areas

Hydropower Dam Development in the Mekong Region: Building a Sustainable and Equitable Future

How Can Sustainability Apps Influence Responsible Consumption?

Strategies for public education and outreach in urban forestry: A case study in six Southern Ontario cities.

On Thin Ice: Vulnerability and Resilience of Ontario's Urban Ice Fishing Communities

Determining the Impact of Blockchain Technology on Carbon Markets

Sustainability and Small and Medium-sized Enterprises (SMEs): Exploring sustainability-focused Business Network

Best Practices for Facilitating

Understanding sustainbiility and brand gender identity in the apparel industry

Going for Green: An Assessment of Environmental Sustainability at the Olympic Games

Are Social Enterprises an Effective Design for Waste Electrical and Electronic Equipment Management Systems for Sustainable Development in

The Missing Piece: Understanding the role the Canadian Airline Sector Plays in Sustainable Development

Compliance with the SASB Environmental Reporting Framework by Canadian Oil and Gas Companies: An Monkey See, Monkey Do: Institutional Isomorphism and Climate Action Planning in Canadian

The state of waste generation from road running races in Canada

Considerations of the Carbon Footprint of imported and domestic lettuce for Canadian Retailers

Operation Sweep the Creek. An assessment of industrial microplastic contamination in an urbanized

The State in Which Gender Impacts are Considered Among Environnmental Impact Assessments

Building Community Resilience by Connecting Communities and Institutions

The Appropriateness of Extended Producer Responsibility as a Policy Option to Manage Compostable Exploring the Application of Behaviourial Strategies to Improve Multi-Residentail's Waste Diversion

CLASS 2021

Research Paper Title
Are Canada's income tax incentives aligned with its gender equity goals? An evaluation of income tax policies on
the women in the labour force
A reframing of sustainability and "sustainable' development: Indigenity, gender, and the Sustainable
Projected effects of climate change on Lake Eries biological processes
A tradition of environmental racism: A case analysis of Lincolnville in relation to white supremacy, racial
The Housing Affordability Crisis and Young Adults: An intersectional study in Toronto
Controversial ESG events and share price movement: A short-term event study for the composite
Understanding the Barriers: Women of colour in the workplace in Toronto
The use of multimedia aids by elementary school teachers in the effective communication of environmental
The Gendered Impacts of COVID-19: Evidence, causes, and rectifiying policies
Impacts of climate change and strategies on small holder coffee plantations in Latin America
Consumer behaviour towards plant-bsed diets: A systematice review and case study
Redirecting the Loop: The ESG investing versus performance paradox
Franchise Business: An impediment to decent work in Canada?
Water Security: A review of water infratstructure and sources in the Canadian north with a fcous on Nunavut
Interactions Between the Proposed Energy Mix Scenarios and Non-energy Sustainable Development goals
(SDGs): A sub-Sahara African
The value of social resiliency during time of crisis: A case study on COVID-19 in the Jane and Finch
Best Management Practices for Furture Wind Developments in Canada's Grasslands
Helping investors and oil and gas companies make informed and sustainable decisions
Understanding maritime shipping companies' engagement with efforts to decarbonize
Quality of the Mining Sector's Sustainability Disclosure: A regional scoring and comparison of sustainability
reports from Canada, South Africa
An analysis of post-pandemic corporate sustainability strategy and communications in the
Role of AI in HR: Augmented language platforms in neutralizing gendered recruitment

Approaches to green finance: A comparative study of captial mobilization strategies employed by countries for decarbonization and

Post Life legacy for Sustainability

The stresses of climate change on social and cultural heritage in the state of Hawaii

A Review of how community gardens interact with the United Nations' Sustainable Development Goals 1, 2, 3, and 11 and promote

CLASS 2022

Research Paper Title

Quality of Urban Green Space in Toronto, Comparing Communities of Low and High Socioeconomic Status: A Question of Environmental Justice

Investigating the impacts of sustainability-focused experiential learning courses on current & former An Analysis of Six Apparel Company's Product Disclosures versus their Sustainability Reporting

Food for Thought: A Critique on Restaurants and their connection to Food Waste and Sustainability

Framing Climate Change Within The Media

Blockchain, Smart Contracts for Smart & Sustainable Buildings

Tackling healthcare waste in patient rooms: improving waste reduction, diversion, sorting, and recycling

Plastic Packaging Reduction Index (PPRI): Evaluating Fast-Moving Consumer Goods Companies

Stressed and Well-Dressed: The Relationship Between Climate Worry and Fast Fashion Purchasing Behaviour in

Cycling and Staying on Track: An Evaluation Toronto's Cycling Initiatives through a Social Practice Theory

Transforming Good: A Change Management in Food Production

Remote Sensing-Based Land Cover Recovery Assessment at Post-Closure Mine Sites in Support of Sustainable
Resource Development in Canada

Depicting sustainability in the cosmetics industry: a media content analysis of leading news sources

Let's Grow Old Together: A Study on Creating Intentional Communities to Maximize the Social Resilience of

Resilience in social-ecological systems: An evaluation of a framework to assess the resilience of farming systems, using the apple farming

Potato Suitability Dynamics in Future Climate Scenarios for Ontario, Canada

A Frame Analysis of Singapore's Population Policies

Braiding Indigenous Environmental Knowledge into the Ontario Wetland Evaluation System (OWES)

The building blocks of successful clean energy policies: An econometric analysis of socioeconomic factors that impact regulatory and policy

A Comparative Analysis of Lake Ontario, Canada and Lake Garda, Italy: Effects of Microplastic Pollution and Policy Analysis of Each Region

To What Extent is SDG5 Gender Equality Integrated into the Voluntary Carbon Market?

Cost-Benefit Analysis for the conversion to a low-emission construction site: a sustainability approach

Understanding the Approaches Taken by Southern Ontario Private Ski Clubs to Address Sustainability and

The Current State and Evolution of Climate Change Disclosure in the Canadian Oil and Gas Sector

Harming While it Heals: Examining the Current State of Sustainability Efforts in Hospital Operating Rooms in the GTA and Presenting

Comparing ESG frameworks to ascertain inclusion of spatial, temporal, and cumulative aspects and their implementation in disclosures of the

Tackling the Climate Catastrophe Using New Age Technology: Software-as-a-Service

Framing Effect or Framing Affect? Effectiveness of Framing Interventions on Environmental Attitudes and
Analysis of the Factors that Influence Consumers' E-waste Recycling Behaviour: Review and Case Study

Transformational Geothermal Energy Policy in Canada

After Sustainability: The Necessity of Virtuous Citizens
