Save Courses to your Enrolment Cart

Add your preferred courses to your enrollment cart on ACORN as soon as you can. This will make it easy, efficient, and stress free on course enrollment day when it is time to enrol in your courses.

Enrol in Courses (mid July, date to be confirmed)

Enrol in your courses through ACORN in mid-July, after your start time. Not sure how to do this? Check out EagleConnect for more information!

Enrol in LAUNCH and utmONE Courses

These programs provide supportive classroom experiences that facilitate academic success, resource knowledge and peer connections. utmONE provides course credit and is taught by a UTM faculty member. LAUNCH connects you with an upper-year peer mentor, and connects you with your new classmates. See uoft.me/FYE for course options. Enrol on ACORN.
