Here's what you wanted. If you need any other information you might have to research it yourself. Cheryl Shipley has me doing some major research for her cover story, so I don't think I'll have time to do your research too. Sorry.

The top-selling cars in the United States were the Civic, Camry, and Sentra. Check out the individual car websites for specifications such as mileage:

- [Honda Civic](#)
- [Toyota Camry](#)
- [Nissan Sentra](#)

The requested unit conversions:

1 ft = 0.3048 m  
1 mi = 5280 ft  
1 gal = 3.78541 L  
1 kWh = 3600000 J

As for current gas prices, just drive past a gas station on the way home. You can find current electricity rates on your latest hydro bill.
