Departments and units are invited to bring forward any minor modifications in their curriculum to this meeting. All curriculum changes to be reviewed by the Divisional Undergraduate Curriculum Committees must be submitted via the Curriculum Management system by no later than **February 16**, **2024**.

Changes proposed during the Winter 2024 UG Curriculum Review Session will go forward to the May 6, 2024 Academic Affairs Committee (AAC) meeting for final approval. Changes presented during these meetings are for **implementation in the 2025-2026 Academic Year**.

It is important that faculty representation from each unit attend all divisional curriculum committee meetings. Should the faculty representative for your unit not be available to attend one of the scheduled meetings, please arrange for another faculty representative to attend. An administrative staff member may accompany the faculty representative to provide support and assist with ensuring consistency with UTM policies and procedures at the unit level, but may not present proposed changes.

If there have been any changes to unit representatives, please let us know as soon as possible to update our contact lists.

To assist units through the curriculum review process for this session, we have organized virtual drop-in sessions (outlined below). All faculty and staff are welcome to attend any of these sessions to discuss curriculum-related matters directly with the PCU.
