

BIOLOGICAL CHEMISTRY (HBSc)

Department of Chemical & Physical Sciences

Biological Chemistry deals with the chemical processes of and relating to living organisms. The program, with its solid core of chemistry, plus the required biology and biochemistry courses, provides an interesting and challenging interdisciplinary study experience. Biological Chemistry examines nature at the molecular level by using a combination of synthetic, inorganic, analytical and physical chemistry as well as the tools of molecular biology. This program provides the context to understand the chemical reactions and interactions that occur in biological processes, as well as how chemical strategies can be used to control these systems. Students graduating from this program will be prepared for career paths in the biotechnology, biomedical and pharmaceutical sectors, as well as for research and teaching in related areas of chemistry and biology.

MAKE THE MOST OF YOUR TIME AT UTM!

We want to help you maximize your university experience, so we've pulled together information and interesting suggestions to get you started, although there are many more! As you review the chart on the inside pages, note that many of the suggestions need not be restricted to the year they are mentioned. In fact, activities such as joining an academic society, engaging with faculty and seeking opportunities to gain experience should occur in each year of your study at UTM. Read through the chart and create your own plan using **My Program Plan** found at www.utm.utoronto.ca/program-plans

Programs of Study (POSt)

- Specialist Program ERSPE1995 Biological Chemistry (Science)
- Specialist Program ERSPE1376 Chemistry (Science)
- Major Program ERMAJ1376 Chemistry (Science)
- Minor Program ERMIN1376 Chemistry (Science)

Is health care where your heart is at? Take CHM444H5 and learn about drug development. Interested in science education? Consider CPS401Y5, Research and Development in Science Education. Or instead, would you prefer to apply your knowledge within the industry or lab? Take a look at CPS400Y5, Chemical and Physical Sciences Internship, and CPS489Y5, Introduction to Research in the Chemical and Physical Sciences.

What can I do with my degree?

The career you choose will depend on your experience and interests. Visit the Career Centre to explore your career options.

Careers for Graduates: Food scientist; Brewmaster; Biological technician; Quality controller; Pulping and bleaching manager; Biochemistry technologist; Toxicologist; Water purification chemist; Regulatory / government affairs specialist; Forensic laboratory analyst; Medical lab technologist; Industrial hygienist; Doctor.

Workplaces: Cosmetics and fragrance production; Pulp and paper production; Pharmaceuticals; Government; Healthcare; Food and beverage production; Plastic manufacturing; Industrial inspection firms; Scientific R&D companies.

BIOLOGICAL CHEMISTRY

SPECIALIST Program Plan

HOW TO USE THIS PROGRAM PLAN

Read through each year. Investigate what appeals to you here and in any other Program Plans that apply to you.

Visit www.utm.utoronto.ca/program-plans to create your own plan using [My Program Plan](#). Update your plan yearly.

	1 ST YEAR	2 ND YEAR	3 RD YEAR	4 TH OR FINAL YEAR
PLAN YOUR ACADEMICS*	<p>Enrol in courses BIO152H5; CHM110H5 and CHM120H5; (MAT132H5 and MAT134H5) or (MAT135H5 and MAT136H5) or (MAT137H5 and MAT139H5) or (MAT157H5 and MAT159H5) or MAT157Y5; (PHY136H5 and PHY137H5) or (PHY146H5 and PHY147H5); ISP100H5.</p> <p>Choose a program of study (Subject POST) once you complete 4.0 credits. Use the Degree Explorer and the Academic Calendar to plan your degree.</p> <p>Develop foundational academic skills and strategies by enrolling in utmONE. Build community and gain academic support through LAUNCH. Join a RGASC Peer Facilitated Study Group.</p>	<p>Enrol in courses CHM211H5 and CHM231H5 and CHM242H5 and CHM243H5; JCP221H5; BIO206H5 and BIO207H5; 0.5 credit of MAT or CSC or STA (at any level)</p> <p>Throughout your undergraduate degree:</p> <ul style="list-style-type: none"> use the Degree Explorer to ensure you complete your degree and program requirements. see the CPS Academic Counsellor and the Office of the Registrar 	<p>Enrol in courses CHM333H5; CHM341H5 or CHM345H5; CHM347H5 and CHM361H5 and CHM362H5 and CHM372H5 and CHM373H5; BIO372H5.</p> <p>Consider applying for the Research Opportunity Program (ROP) course CHM399Y. Visit the EEU website for ROP Course Prerequisites. Attend the RGASC's Program for Accessing Research Training (PART) to enhance your research skills.</p>	<p>Enrol in CHM399Y5 or CPS489Y5 or CPS400Y5 or JCB487Y5 or (BCH472Y1 or BCH473Y1, with permission of the CHM Program Advisor) and 1.5 credits from the following courses: BIO324H5 or CHM412H5 or CHM444H5 or CHM462H5 or CHM485H5 or JCP410H5 or JCP422H5 or JCP463H5 or JBC472H5 or CHM447H1 or CHM479H1 or any 400 level BCH lecture course.</p> <p>Log on to ACORN and request graduation.</p>
BUILD SKILLS	<p>Use the Co-Curricular Record (CCR). Search for opportunities beyond the classroom, and keep track of your accomplishments.</p> <p>Attend the Get Hired Fair through the Career Centre (CC) to learn about on- and off-campus opportunities.</p> <p>Attend the Experiential Education Fair.</p>	<p>Use the Career & Co-Curricular Learning Network (CLNx) to find postings for on- and off-campus work and volunteer opportunities.</p> <p>Skills are transferrable to any job regardless of where you develop them. Need to strengthen your presentation skills? Consider a role as a RGASC Facilitated Study Group Leader.</p>	<p>Work on-campus through the Work-Study program. View position descriptions on the CLN.</p> <p>Explore your interest. Apply to become a Wellness Ambassador at the Health & Counselling Centre.</p>	<p>Explore your interests. Be a UTM Let's Talk Science Outreach volunteer to support educators and help youth form positive attitudes towards the role that STEM plays in their lives and futures.</p> <p>Participate in the Community Leadership Development Program as a community leader and gain skills on various competencies while giving back to the community.</p>
BUILD A NETWORK	<p>Networking simply means talking to people and developing relationships with them. Start by joining the Erindale Chemical and Physical Sciences Society (ECPS). Make sure to go to the ECPS's Meet the Profs Night.</p> <p>Visit the UTM Library Reference Desk.</p>	<p>Do you have a professor you would like to connect with? Ask them a question during office hours. Discuss an assignment. Go over lecture material. Don't be shy! Learn Tips On How to Approach a Professor available through the Experiential Education Unit (EEU).</p>	<p>Establish a professional presence on social media (e.g. LinkedIn).</p> <p>Attend the E.A. Robinson Science Education Lecture through the CPS department.</p> <p>Thinking about life after UTM? Connect with a UTM alumnus through the CSE's Alumni Mentorship Program!</p>	<p>Join a professional association. Check out the Chemical Institute of Canada and the Association of the Chemical Profession of Ontario.</p> <p>Go to the Southern Ontario Undergraduate Student Chemistry Conference or the Society for Chemistry Conference and Exhibition.</p>
BUILD A GLOBAL MINDSET	<p>Engage with the many programs offered by the International Education Centre (IEC), whether you are an international or domestic student. Consider joining the Canada Eh? day trips or English Language Conversation Circles to deepen your global mindset.</p> <p>First-year international students can also take advantage of THRIVE'IN, a one-day conference dedicated to helping you start your UTM journey successfully.</p>	<p>Participate in International Education Week and engage in programs like Global and Intercultural Fluency Training Series (GIFTS) to build on your leadership and communication skills in global citizenship. Learn about and prepare for a future UTM Abroad Experience through the IEC to strengthen and enhance your intercultural skill set, and learn about other cultures while sharing your own!</p>	<p>Expanding your intercultural awareness and developing intercultural skills will help you in your academics, personal growth and are highly sought out by employers.</p> <p>Earn credits overseas! Apply to study for a summer term, or year at one of 170+ universities. Speak to the IEC for details about Course Based Exchange, funding and travel safety. Attend Global Learning Week to learn about the various opportunities available to you!</p>	<p>Engage in programs like ISTEP and THRIVE to support your transition out of the University!</p>
PLAN FOR YOUR FUTURE	<p>The Career Centre's model can help! Get started today by visiting My Career Centre to begin exploring on your own.</p> <p>Stop by the Hello desk in the Student Services Hub. Our Career Centre team is ready to support you. Attend the Program Selection & Career Options workshop offered by the Office of the Registrar and the CC.</p> <p>Students in the Specialist Program (ERSPE1995) can apply to join the UTM Co-op Internship Program (UTMCIP) stream at the end of their first year.</p>	<p>Learn how your academics and career goals work together in a Career Counselling appointment.</p> <p>Explore careers through the CC's Job Shadow Program or In the Field.</p> <p>Considering further education? Attend the CC's Graduate & Professional Schools Fair. Research application requirements, prepare for admission tests (LSAT, GMAT) and research funding options (OGS, SSHRC).</p>	<p>Attend CC workshops to learn the basics of creating a resume and cover letter, preparing for an interview, and creating a strong LinkedIn profile. To register, visit the UTM Events page on CLNx. You would also find exciting networking opportunities to connect with employers, industry professionals and alumni.</p> <p>Are you ready to take the next step in preparing for further education? Get started by checking out the Pursue Learning section of My Career Centre and attending a drop-in session with a Career Counsellor for best practices for grad school preparation.</p>	<p>Attend the CC workshop, Now That I'm Graduating What's Next to learn how to develop your job search plan.</p> <p>Ready for employment? Schedule an Employment Strategist Appointment to review your documents and practice your skills. If you are still unsure about the next steps in your career journey, schedule a Career Counsellor Appointment to gain support exploring career options and establishing a career plan.</p>

*Consult the Academic Calendar for greater detail on course requirements, program notes and degree requirements.

BIOLOGICAL CHEMISTRY

Skills developed in Biological Chemistry

To be competitive in the job market, it is essential that you can explain your skills to an employer. Visit the Career Centre to learn how to articulate and market the following skills:

Research: conduct journal research and utilize logical reasoning to interpret results/data derived from scientific experimentation.

Technical: experience with state-of-the-art laboratory technology and instruments; ability to use computer programs to manipulate and display data; and comply with quality control procedures while conducting experiments.

Quantitative: analyze data for trends and apply statistical packages to data to test for significance.

Communication: organize research ideas and information into comprehensive reports and interact professionally with a multidisciplinary team of researchers, technicians, students and professors.

Get involved

Check out the 100+ student organizations on campus. Here are a few:

- Erindale Chemical and Physical Sciences Society (ECPS)
- UTM Student Union (UTMSU)
- UTM Athletics Council (UTMAC)

For a listing of clubs on campus visit the **Student Groups and Societies Directory**

Services that support you

- **Accessibility Services (AS)**
- **Career Centre (CC)**
- **Centre for Student Engagement (CSE)**
- **Equity, Diversity & Inclusion Office (EDIO)**
- **Experiential Education Unit (EEU)**
- **Health & Counselling Centre (HCC)**
- **International Education Centre (IEC)**
- **Office of the Registrar (OR)**
- **Recreation, Athletics and Wellness Centre (RAWC)**
- **Robert Gillespie Academic Skills Centre (RGASC)**
- **UTM Library, Hazel McCallion Academic Learning Centre (HMALC)**

FUTURE STUDENTS

Admission to UTM

All program areas require an Ontario Secondary School Diploma, or equivalent, with six Grade 12 U/M courses, or equivalent, including English. Your admission average is calculated using English plus your next best five courses. The Grade 12 prerequisites for Biological Chemistry are Advanced Functions, Biology, Chemistry and Physics. The approximate average required for admission is mid- to high-70s. More information is available at utm.utoronto.ca/viewbook.

NOTE: During the application process, applicants will select the Chemical & Physical Sciences admissions category, but will not officially be admitted to a formal program of study (Specialist, Major, and/or Minor) until after first year.

Sneak Peek

Support is available to first-year chemistry students through tutorial classes, office hours, Facilitated Study Groups and a 24/7 system of Virtual Office Hours. In addition, all of our students have access to new, state-of-the-art teaching laboratories.

Upper-year students can become involved in cutting-edge research projects in our research labs. We recently launched the Centre for Medicinal Chemistry, an interdisciplinary centre for the development of new drugs. It will become a research hub of leading scientists dedicated to developing innovative approaches in the fight against cancer and other diseases.
