## Program Plan

### HOW TO USE THIS PROGRAM PLAN

Review as many program plans as apply to your studies. Together with the Academic Calendar and suggestions from the program plans, plan out your courses and consider the co-curricular experiences you would like to participate in. Are there other opportunities listed that you would like to learn more about? Research the opportunities and suggestions, then add those that appeal to your own plan. Make sure to update your plan annually and remember to seek help from those mentioned in the Program Plans. We all want you to be successful!
