

Substitute Assignment

APPLY Lab (Wolfe)

Instructions:

Click on the following article and answer the following questions in 2-3 pages (double-spaced). *This should be in sentences and paragraphs, not bullet points, and should be between 700-1100 words. You do not need to cite any other sources, but should show your understanding of the assigned paper in your answers to the questions below.*

[Drew, T., Võ, M. L. H., & Wolfe, J. M. \(2013\). The invisible gorilla strikes again: Sustained inattentive blindness in expert observers. *Psychological science*, 24\(9\), 1848-1853.](#)

1. What were the independent variables and dependent variables used in Experiment 1? What were the findings?
2. What were the independent variables and dependent variables used in Experiment 2? What were the findings? How did this differ from Experiment 1?
3. Why include Experiment 3? What does it show?
4. What were the conclusions reached in this article?

From the Code of Behaviour on Academic Matters: “It shall be an offence for a student to knowingly: represent as one's own any idea or expression of an idea or work of another in any academic examination or term test or in connection with any other form of academic work, i.e. to commit plagiarism. Wherever in the Code an offence is described as depending on "knowing", the offence shall likewise be deemed to have been committed if the person ought reasonably to have known.” All students must refer to this website to obtain information on what constitutes plagiarism.
